

Community Reinvestment Act Public File

Last Updated June 20, 2023

The Community Reinvestment Act (CRA) ensures the financial institution meets the credit needs of its entire assessment area(s) including low-moderate income neighborhoods consistent with safe and sound operations. Merrimack Valley Credit Union is a non-profit organization and focuses on being a leader of community development, economic growth, and stability.

While providing financial services and lending, it is our goal to support our communities with charitable donations, volunteer services to non-profit organizations, and provide a strong financial education program to our communities for a healthier financial future. Everything is done with one goal in mind: Elevate people.

Our most recent CRA performance evaluation by the Massachusetts Division of Banks covered the periods from June 1, 2021 to June 6, 2023. Merrimack Valley Credit Union received an overall "High Satisfactory" rating; for helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

Thanks for your past support!
See you at the ribbon-cutting!
Every bit counts! ☺

Sarita, this holiday season, help our neighbors facing hardship fight hunger and sustain their families with dignity! Help us create the Healthy Waltham Community Market.

Your contribution will be DOUBLED by our generous anonymous match partner when you donate before midnight on December 31st!

Dear Sarita,

My heartfelt thanks for your invaluable support for Healthy Waltham! Because of supporters like you, we've weathered a global pandemic and been Waltham's first line of defense against hunger for thousands of families struggling with skyrocketing food prices caused by record inflation – **and we continue to keep food on the table for vulnerable families throughout our Waltham community. These achievements have only been possible thanks to your support.**

But while the dangers of Covid have receded, food insecurity continues to threaten our local community – it's clear that fighting hunger in Waltham long-term is an urgent necessity. Once again, our small but mighty organization is stepping up to meet the need!

In June, (and after an exhaustive search that attracted the attention of CBS, Telemundo and NBC) we secured our first ever permanent home with the goal of creating a more sustainable way to serve Waltham's residents facing hunger. **Our new location at 123 Felton Street (corner of Felton and Williams) will become the Healthy Waltham Community Market!**

Our market will provide a more dignified, compassionate and convenient way for Waltham's families in need to access the food they need to sustain their families. They will be able to select the fresh fruit and vegetables, dairy and meat products and pantry staples that best serve their needs in an indoor,

Check out our new video to see more of our new space and how, together, we can transform it into the Healthy Waltham Community Market!

Dear Mr. Howard,

On behalf of the entire Anna Jaques community, thank you for facilitating Merrimack Valley Federal Credit Union's Par Sponsorship for the 32nd "Fore Your Health" Golf Tournament. This year's tournament took place at the beautiful Haverhill Country Club on Monday, August 14, 2023.

Philanthropic support drives our ability to expand programs and facilities that address our community's current and future needs. The tournament proceeds will enhance our workforce development programs, which provide advanced training, mentorship, and career growth opportunities for our clinical staff. This investment will help us foster a strong and resilient workforce focused on what we do best—taking extraordinary care of patients and each other.

Thank you again for supporting this year's tournament.

With gratitude,

Dear John,

Thank you so much for your time spent acting as Santa for our annual Toys for Tots toy drive on December 15, 2023. It was a great time and we appreciate your taking four-and-a-half hours out of your evening to support this vital cause.

Thanks to your generous offer to volunteer as Santa, you also saved us over \$500 that we would have had to pay a professional Santa! That money saved allowed us to donate more to the kids and make their Christmases merry.

We are extremely proud to report a record-breaking collection for Toys for Tots this year, raising over \$30,000 in toys for children in need.

Thank you for participating, and we look forward to having you again next year!

Dear Mr. Prezzano,

Please accept our sincerest gratitude for your support of our 6th Annual Charity Golf Tournament that was held on October 2, 2023. As a tee sign sponsor, your investment of \$250 allows us to address the most vulnerable children and families in Bristol County. We had a beautiful day on the course.

In the past 16 years, the CAC has served nearly 9,000 children who have had the courage to disclose that someone they know, love and trust was hurting them. Every gift given allows us to further protect and advocate for children after a disclosure of abuse, help children and their families heal from trauma through our HARP Program and continue to educate the community about prevention.

We have been supporting children and families in our newly renovated forever home at 58 Arch Street for a year. Our services to children and families have expanded and through your generosity, we are continuing to help those who need us most. Our clinicians can help children heal in sensory motor regulation (SMART) rooms or use art therapy techniques to process trauma. Forensic Interviews can be completed with the aid of our service dog, Chief. He truly calms the most vulnerable children who walk through our doors. Our Prevention Coordinator educates the community about how to understand the signs of abuse and how to keep children safe.

The CAC protects, heals and educates. Because of generous supporters like you, we make a world of difference in the lives of children.

Sincerely,

BY EMAIL ONLY

Dear John:

On behalf of the Credit Unions Kids at Heart® Foundation, please accept this letter as a salute to Merrimack Valley Credit Union for its efforts in promoting the first Moyamoya Disease Awareness Day in the Commonwealth. Also, a special thank you to Glenn Prezzano, VP, Corporate Communications & Community Relations and Kristin Cole, Staff Writer for taking the time in getting to know Credit Unions Kids at Heart and writing a story for the Merrimack Valley Credit Union's newsletter.

As a lesser-known pediatric brain disease, both medical professionals and the public do not have the necessary knowledge to diagnose Moyamoya and the root of the medical condition. Efforts are currently underway in Boston, through the study of protein markers, to develop a test for medical professionals to test for it with accuracy.

Promoting May 6 has opened the door, increased transparency, and served as a beacon to guide patients, their families and medical professionals toward timely diagnosis and treatment. It is undisputed that further lives can be saved with more awareness and widespread improvement in public and health services for all victims of stroke or brain injury. Highlighting this event through Merrimack Valley Credit Union's newsletter to members is a major step toward advancing this goal.

The general mission and values of credit unions align with Credit Unions Kids at Heart and Merrimack Valley Credit Union. We are proud to be your partner as "people helping people" within our communities.

Dear John,

On behalf of Entrepreneurship for All, I would like to thank Merrimack Valley Credit Union for their pledge payment of \$10,000.00 received on 06/08/2023 for our EforAll South Coast program. This thoughtful investment will help us accelerate economic and social impact in communities that need it most through inclusive entrepreneurship.

Small businesses have always been crucial to the U.S. economy. They generate 65% of all new jobs, help revitalize local economies and provide a path for financial independence. Unfortunately, under-represented individuals, including women, BIPOC, and immigrants, typically lack access to the capital, networks, and support needed to launch and grow a new business successfully. EforAll's mission is to help these entrepreneurs: providing business training, mentorship and support in English and Spanish.

Thanks to the generosity of supporters like you, EforAll graduates have created over 1,400 new ventures, and in 2022 alone, generated over \$64M in revenue and provided 2,108 local jobs. We are proud of our impact: 84% of EforAll startups are women-owned, and 69% are BIPOC owned.

Erica Arteaga and Liz Gonzales-Lara, co-owners of Dos Amigas, an authentic Mexican food delivery to homes and businesses in Denver, sum up the EforAll experience well. "EforAll gave us the confidence to believe in ourselves and always keep a learning mindset, educate ourselves and work for what we want."

Thank you again for this contribution. EforAll and our rapidly growing network of entrepreneurs, volunteers, and communities sincerely appreciate your gift.

Sincerely,

Meralis T. Hood, CEO

Dear Ms. Ledani:

On behalf of the **FESTA ITALIANA** Committee and the Italian American Alliance (IAA), I want to thank Merrimac Valley Credit Union, formerly RTN **CU**, for its support of our event by allowing the **Festa**-goers to park in its parking lot after hours.

Because of Merrimac Valley Credit Union's (formerly RTN CU) support for **FESTA ITALIANA**, it was listed as a "Bronzo" (bronze) sponsor on our "Sponsor Banner" which was displayed on the kiosk on the Common all day. A picture of the banner is enclosed for your records. In addition, I have attached a copy of our Sponsorship Opportunities which explains the monetary value of each category.

This year's event included many vendors (food/non-food), fabulous entertainers, children's amusements/rides, "Anna and Elsa", a vintage Ferrari, plus a roving magician and an appearance by the NE Revolution – all in all a successful day for all, including The Italian American Alliance.

Once again, we thank Merrimac Valley Credit Union, formerly RTN CU, for its contribution to the success of **FESTA ITALIANA** and the Italian American Alliance.

Golfer's Prayer

Almighty God, as we play though our 18 holes of life, we pray that you will give us a drive that's both long enough to reach our goals, and yet straight enough to keep us out of trouble.

Help us avoid the traps and hazards of life; nevertheless, should we find ourselves in them, give us the tools, skills and desire to escape them with no penalty. May we always stay in bounds.

Help us to be willing to stand by - and not play through - those in genuine need. May we always play with honor.

And finally, when we've putt'd out on the 18th green, we pray that we will have demonstrated the integrity of our character, so that you will judge us worthy enough to join your three-some and play eternally on your heavenly course.

– Amen

RE: Grateful for Your Support and Financial Contributions to the Lawrence Partnership

Dear John,

On behalf of the Lawrence Partnership, I write to express my sincerest appreciation for your support as a board member along with the bank's generous financial contributions to our organizations. Because of this support:

1. The Venture Loan Fund can provide funds for non-bankable business in the Lawrence Community.
2. The Lawrence Partnership can showcase its programs to the community through our Annual Meeting.
3. The Lawrence Partnership is able to perform the day-to-day operations functions of the organization.

For all of this and more we are grateful.

Dear Glenn:

Thank you for supporting young women seeking freedom from substance use disorder by sponsoring the 9th Annual "Fore" Hope and Recovery Golf Tournament which was held on June 19, 2023. Your generous Tee Sign Sponsorship of \$170.00 allows us to continue our mission. With you by our side, young women are conquering addiction, setting new goals, building healthy relationships, and paving a path forward to a brighter future. This would not be possible without you!

Today, I am proud to report that we have served over 300 young women from over 100 cities and towns throughout Massachusetts, and as of today have 111 graduates!

While there are many challenges on the road to recovery, we celebrate individual achievements and successes, big and small, daily. Whether it is a month of sobriety, a new job, a driver's license, successful completion of our six-month treatment program or the reunification of mother and child, each success is only possible with the support of our donors. Thank you for making the young women of Megan's House, Erin's House, and Emma's House a priority by supporting The Megan House Foundation.

Sincerely,

Re: MSIC 2023 Charity Golf Tournament

Dear John,

On behalf of all of us at MSIC I would like to thank you for your support of and participation in MSIC's Annual Charity Golf Tournament at Hopkinton Country Club on July 17, 2023 to benefit the Allergy and Asthma Foundation of America, New England Chapter (AAFA New England). Despite this summer's weather challenges and a last-minute postponement to a later date, we went on to enjoy a sunny and successful tournament.

Thanks to your generous support and MSIC's dollar-to-dollar match, we raised over \$50,000! This charity event not only helped raise the funds needed to support AAFA New England's important work, but also brought awareness of the organization's mission to serve individuals who struggle with the chronic health conditions of asthma and allergies throughout New England. Your generosity means so much to so many.

We are tremendously grateful to everyone who sponsored, participated in and donated to this year's tournament - ***we could not have done this without your support!*** It was a great day for comradery, fun and fundraising.

Your commitment to the community is remarkable and I look forward to hearing more news. NAFCU values your work as it continues to serve as a positive reflection of the credit union industry.

As we move forward together, my NAFCU colleagues and I are prepared to help take Merrimack Valley Credit Union to the next level. We have grown stronger with you and are laser-focused on providing you with the industry's best ACE: unwavering federal Advocacy, award-winning Compliance assistance, and top-rated Education. If NAFCU can be of assistance in any future endeavor, please do not hesitate to contact me directly.

Sincerely,

B. Dan Berger

Dear Mr. Prezzano,

On behalf of Northern Essex Community College, I would like to thank you and Merrimack Valley Federal Credit Union for your generous donations, totaling \$450.00, toward a Tee Sponsorship (\$100) and a Putting Green Sponsorship (\$350) at the 2023 NECC Golf Tournament. These were made in addition to your registration payment for four players. We truly appreciate your support.

Proceeds from this year's event benefit the NECC Athletic Program, which provides competitive athletic opportunities to men and women in thirteen intercollegiate programs.

Thank you for your contribution. Your generosity demonstrates an important commitment to supporting accessible quality education in the Merrimack Valley.

Sincerely,

Dear Sarita,

Thank you! On behalf of Opportunities for Inclusion (formerly GWArc), we would like to thank you and Merrimack Valley Credit Union for your generous support as a Bronze (\$1,000) Sponsor of our 51st Annual Harvest Breakfast. We received your Check (#193615, dated 10/6/2023) and are deeply appreciative. We are proud to list Merrimack Valley Credit Union as an ongoing sponsor of Harvest Breakfast.

Our 51st Annual Harvest Breakfast, our signature annual community fundraiser, was held on Sunday, October 22, 2023 and was a great event! Over 300 business leaders, city officials and legislators, community members, program participants, families, staff and volunteers attended. **Your generous sponsorship helped to make our event a success!**

Opportunities for Inclusion is committed to providing quality services for individuals with intellectual and developmental disabilities and their families. Our Annual Harvest Breakfast is an important fundraising event and recognized community celebration. All proceeds from Harvest Breakfast directly benefit our programs and services for the over 300 individuals with intellectual and developmental disabilities we serve annually.

We encourage you to visit our website at oppsforinclusion.org/harvest-breakfast-2023/ where you'll find Merrimack Valley Credit Union's logo with a link to the credit union's website prominently displayed, as well as a link to our event program book.

Thank you again on behalf of all of us at Opportunities for Inclusion!

Welcome Fellow Library Lovers!

Now, in our 18th year we remain ever-grateful to our partners. Taste of the Town has consistently brought together the best in Plymouth to create an evening of fine food, delicious wines and the most generous library devotees in our community.

Tonight, we **sip** – some of the finest wines from around the world thanks to Pioppi's Package Store and our beverage partners – and **savor** – the most delicious bites created by our restaurant partners – all in support of YOUR Library!

Tonight's proceeds will fund several initiatives at both the Main Library and Manomet Branch, from technology upgrades and free special event programming to ensuring that our lawn and gardens remain both lovely to behold and a peaceful respite on a beautiful day. Your support also provides funding opportunities for staff to attend professional development seminars and conferences in an effort to improve service to you, our patrons.

We hope you will take the opportunity to order some spirits to enjoy over the holidays using the convenient order form provided. And, in the days and weeks ahead, please make plans to spend an intimate date night, gathering with friends or a family reunion at one of the wonderful restaurants dishing up delectable treats this evening.

Thanks to our sponsors, auction donors, and food and beverage partners there are very few expenses associated with this event so nearly every dollar goes directly back into our community.

Have a wonderful evening and don't forget to bid on our silent auction!

Dear Mr. Howard,

It was so nice to get the chance to meet you in person at the Merrimack Valley Credit Union's scholarship awards ceremony last week. It's hard to fully express in writing how deeply grateful I am for your organization's support and significant generosity.

Also, thank you very much for lunch. It was so kind of you to spend some time with us. I know my grandfather especially enjoyed having lunch with a fellow Marine. I really enjoyed listening to your advice and motivating stories about work ethic, drive, positivity, and perseverance. What you were saying felt so genuine and your words meant a lot to me. I don't know if you had the opportunity to read my essay, but my Dad grew up with 12 siblings and never had the opportunity to go to college. His humble beginnings have helped to shape my deep appreciation for education, and my understanding of how fortunate I am to be a student at UMass Amherst.

Again, I truly appreciate this incredibly generous scholarship, which will ease my financial responsibilities of attending college. No one has made it through life without someone's help, and the beauty of kindness is that every gesture - big or small - can have a significant impact.

I hope you enjoy the rest of your summer. Thank you very much.

Sincerely,

Hi all,

Thank you so much for supporting the UMass Memorial Health Children's Medical Center Rodman Ride team last weekend. We had a great but wet day down in Foxboro and our riders cycled either the 25 or 50 mile route looking good in their team jerseys with your names and logos on the back.

Please enjoy some pictures from the day, and know how much we appreciate your company being with us and making a difference in health care for the children of Central Massachusetts.

Many thanks,

Dear Sarita,

Thank you so much for your \$1,000 Drafter sponsorship of the 2023 UMass Memorial Children's Medical Center Rodman Ride for Kids teams! Your support means the world to us and every dollar that we raise goes directly to the only children's hospital in Central Massachusetts. The Children's Medical Center is home to more than 200 experts in over 30 specialty areas and they all work tirelessly to provide exceptional care close to home for patients and families of our area.

Since 1991, the Rodman Ride for Kids has partnered with organizations like UMass Memorial Health to raise money through their one-day bike ride in Foxborough, MA as well as the newer virtual option. On September 23, we will participate in this event for the third year and are so proud to have your partnership and support.

Thank you again for joining us to make sure we can provide the best possible care for the children of our region. We are so grateful for your support.

Dear Sarita,

Thank you for sponsoring the Waltham Land Trust's Western Greenway 5K Trail Run/Walk taking place on Sunday, October 29th, 2023.

Your donation of \$250.00 is greatly appreciated and will help us cover Western Greenway 5K costs such as paying for the timing company and race insurance, as well as expenses associated with all of our great land saving and trail building programs throughout the year.

Your sponsorship also pays for one (or more) runner(s) or walker(s) from your company to participate in the event. Fun! Please see if any of your employees would like to participate in this lovely 3.1 mile trek through the woods and provide us with their contact information.

If you donated \$500 or more, please note that the deadline to get your logo on the WG5K tote bag that the first 100 participants of the WG5K take home is Friday, October 13th!

You also have the opportunity to provide us with materials before October 26th for the race participants' goodie bags. We expect upwards of 150 people to participate, so please give us at least that many of your flyers, menus, coupons, etc.

I can be reached at swadman@walthamlandtrust.org or by calling 781-893-3355 if you have any questions.

COMMUNITY REINVESTMENT ACT PERFORMANCE EVALUATION

Merrimack Valley Credit Union
Certificate Number: 68693

500 Merrimack St.
Lawrence, Massachusetts 01843

Division of Banks
1000 Washington Street, 10th Floor
Boston, Massachusetts 02118

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the Division of Banks concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **High Satisfactory**

An institution in this group has a highly satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities

The following points summarize the credit union's performance under Intermediate Small Institution Standards.

The Lending Test is rated High Satisfactory.

- The loan-to-share ratio (LTS) is reasonable given the institution's size, financial condition, and assessment area credit needs.
- The credit union made a substantial majority of its home mortgage loans in the assessment area.
- The geographic distribution of loans reflects good dispersion throughout the assessment area.
- The distribution of borrowers reflects good penetration of loans among individuals of different income levels.
- The credit union did not receive any CRA-related complaints since the previous evaluation; the credit union has a reasonable record relative to its fair lending policies and procedures.

The Community Development Test is rated High Satisfactory.

- Merrimack Valley Credit Union demonstrated good responsiveness to the assessment area's community development needs through qualified investments and community development services. Examiners considered the institution's capacity and the need and availability of such opportunities for community development in the assessment area.

SCOPE OF EVALUATION

General Information

The Community Reinvestment Act (CRA) requires the Massachusetts Division of Banks (“Division”) to use their authority when examining financial institutions subject to their supervision, to assess the institution's record of meeting the needs of its entire assessment area, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. Upon conclusion of such examination, the Division must prepare a written evaluation of the institution's record of meeting the credit needs of its membership.

This evaluation covers the period from the prior evaluation dated June 14, 2021, to the current evaluation dated June 6, 2023. Examiners used Intermediate Small Examination Procedures to evaluate the credit union’s CRA performance. These procedures include the Lending Test, and the Community Development Test.

Examiners used the 2015 and 2020 ACS updated data for metropolitan area boundaries, census tracts and their income levels, and demographic information.

The Lending Test considered the credit union’s performance according to the following criteria:

- LTS ratio
- Assessment area concentration
- Geographic distribution
- Borrower profile
- Response to CRA-related complaints and Fair Lending Program

The Community Development Test considered the following factors:

- Number and dollar amount of community development activity, including qualified services, qualified investments, and community development loans.
- The responsiveness of such activities to the community development needs of the area.

Loan Products Reviewed

Merrimack Valley Credit Union’s major product lines are home mortgage loans and consumer loans, considering the credit union’s business strategy and the number and dollar volume of loans originated during the evaluation period. The home mortgage lending universe was readily available of these two lending products.

Examiners reviewed home mortgage loans reported on the credit union’s 2021 and 2022 Home Mortgage Disclosure Act (HMDA) Loan Application Registers (LARs). The credit union originated 788 HMDA-reportable loans totaling \$205.7 million in 2021 and 782 HMDA-reportable loans totaling \$155.1 million in 2022. Examiners compared credit union lending in 2020 and 2021 to aggregate HMDA data for the relevant year. Examiners also compared credit union lending to applicable demographic data.

For the Lending Test, examiners reviewed the number and dollar volume of home mortgage loans. While the tables throughout this evaluation include both the number and dollar volume of loans, examiners emphasized credit union performance by number of loans, as the number of loans better indicates the number of individuals served.

For the Community Development Test, examiners drew conclusions based on data provided by credit union management on community development loans, qualified investments, and retail and community development services since the prior CRA evaluation dated June 14, 2021.

DESCRIPTION OF INSTITUTION

Background

Merrimack Valley Credit Union is a member-owned, not-for-profit cooperative institution originally chartered by the Commonwealth of Massachusetts in 1955. Membership is limited to those persons living, working, or having business within Bristol, Essex, Middlesex, Franklin, Hampden, Hampshire, and Norfolk Counties. The credit union has 76,529 members as of March 31, 2023. The credit union merged with RTN Credit Union on June 1, 2023, expanding its membership base significantly.

Merrimack Valley Credit Union received a “Satisfactory” rating from the Massachusetts Division of Banks during its prior evaluation using the Intermediate Small Institution Examination Procedures, published June 14, 2021. The Lending Test was assigned a “Satisfactory” and the Community Development Test was assigned a “Satisfactory”.

Operations

As of the date of the evaluation, the credit union offers products and services through 18 full-service branches, including its main office at 500 Merrimack St, Lawrence, MA located in a low-income census tract. The full-service branches are listed below.

Branch Locations			
Massachusetts			
Amesbury*	Bridgewater	Brookline*	Boston*
Danvers*	Fairhaven	Haverhill	Lawrence
Marlborough*	Methuen	North Andover	Plymouth
Quincy	Tewksbury*	Waltham*	Worcester*
New Hampshire			
Plaistow	Seabrook		
*New Branches since the June 1 st Merger			

The credit union operates seven additional limited-service branches for employees of Raytheon and General Dynamics as a result of the RTN merger. Locations include Andover, Dedham, Lawrence, Marlborough, Taunton, Tewksbury, and Woburn.

All 18 full-services branches offer lobby services to members and generally operate between 8:30 a.m. to 5.00 p.m. most weekdays (with expanded hours on Thursdays and Fridays) and 8:30 a.m. to 1:00 p.m. on Saturdays. The Quincy MA and Seabrook NH locations are open from 10:00am to 5:00pm from Monday through Friday. As mentioned previously the credit union has added 8 full-service and seven limited-service branches since the previous evaluation.

The credit union offers both personal, student, and business accounts to members. Members can open checking accounts, savings accounts, certificates of deposits, individual retirement accounts, as well as business checking accounts. Services offered include online banking and mobile banking. In addition to deposit accounts, credit union members can apply for mortgage

loans, home equity loans and lines of credit, personal and student loans, new and used auto loans, and credit builder loans. Also, business lending offers commercial real estate loans and business lines of credit. The credit union also participates in shared branching, to allow member to access retail services across the United States.

Ability and Capacity

As of March 31, 2023, assets totaled approximately \$1.4 billion, and shares totaled \$1.2 billion. Total loans were \$927.6 million, representing approximately 67.6 percent of total assets. Since the previous CRA evaluation, assets increased by 7.7 percent and the lending portfolio increased by 27.6 percent.

The following table illustrates residential lending accounts for the largest concentration of loans at 61.8 percent of the lending portfolio. Used vehicle loans were the next largest concentration at 17.2 percent of the portfolio. This product mix remains similar in concentration to the last evaluation.

Loan Portfolio Distribution as of 3/31/2023		
Loan Type	Dollar Amount (\$)	Percent of Total Loans

Commercial Loans/Lines of Credit Non-Real Estate Secured	2,197,090	0.2
Total Loans	927,611,419	100.0
<i>Source: Reports of Condition and Income</i>		

Examiners did not identify any financial, legal, or other impediments that affect the credit union's ability to meet assessment area credit needs.

DESCRIPTION OF ASSESSMENT AREA

The CRA requires each financial institution to define one or more assessment areas within which its CRA performance will be evaluated. Merrimack Valley Credit Union has designated a single assessment area in 2021 and 2022 encompassing 12 counties in Massachusetts, New Hampshire and Rhode Island. The following table is a list of counties the credit union has designated as its assessment area.

Assessment Area			
Massachusetts			
Barnstable	Bristol	Essex	Middlesex
Norfolk	Plymouth	Suffolk	
New Hampshire			
Hillsborough	Rockingham		
Rhode Island			
Bristol	Kent	Providence	

Economic and Demographic Data

The assessment area includes 1590 census tracts. These tracts reflect the following income designations according to the 2020 ACS U.S. Census:

- 165 low-income tracts,
- 298 moderate-income tracts,
- 607 middle-income tracts,
- 468 upper income tracts, and
- 52 tracts with no income designation.

This represents a change from the 2015 ACS Census data (used in concert with 2021 lending information), where 1442 census tracts comprised the assessment area.

The following table illustrates select demographic characteristics of the assessment area.

Source: 2020 ACS, 2022 D&B Data, and FFIEC Estimated Median Family Income; (*) The NA category consists of geographies that have not been assigned an income classification.						

There are 2,852,505 housing units in the area. Of these units, 57.1 percent are owner occupied, 34.1 percent are occupied rental units, and 8.4 percent are vacant. The median housing value of \$450,654 based on ACS Data reflects an expensive area. Examiners also reviewed public HMDA data and noted that the average loan originated for 1-4 family purchase loans was \$483,584 in 2021 and increased to \$520,128 in 2022. This reflects an increase in home prices in even the last year.

The following table reflects the low-, moderate-, middle-, and upper-income categories for the assessment area.

Competition

Merrimack Valley Credit Union operates in a highly competitive market for retail services. According to 2022 Deposit Market Share data, there were 274 financial institutions operating 2,341 branches in the assessment area. MVCU ranked 55th with a deposit market share of 0.2 percent. The institutions ahead of MVCU included the large state chartered and national retail institutions (State Street Bank and Trust, Bank of America NA, and Citizens Bank NA) with a combined deposit market share of 46.5 percent.

The credit union operates in a highly competitive area for mortgage loans. In 2022, 747 lenders reported 207,033 originated or purchased home mortgage loans MVCU ranked 65th with a 0.4 percent market share. The three most prominent lenders were large national banks and mortgage companies, accounting for 14.7 percent of the total market share.

Community Contacts

As part of the evaluation process, examiners contact organizations active in the assessment area to assist in identifying the credit and community development needs. This information helps determine whether local financial institutions are responsive to these needs.

Examiners contacted a representative from a non-profit organization serving Southeastern Massachusetts. The organization is a housing counseling agency providing education and technical assistance for low- and moderate-income residents. The contact noted an affordability gap as rising prices exceed even First Time Homebuyer (FTHB) grant and financial assistance opportunities. Housed individuals face homelessness risks including foreclosures, increasing rent prices, and utility bill increases. The contact mentioned that more support for shelters will be helpful in the current economy. There is a limit on financial institutions ability to close this affordability gap, and it is expanding to include middle-income families (that do not usually qualify for foreclosure or FTHB assistance). The contact relies heavily on financial institution donations and financial institutions work with counseling agencies to prepare buyers and ensure they have requisite financial literacy.

Examiners also contacted a community development organization focused on the Merrimack Valley region. The organization mentioned that the preservation of affordable housing and additional microlending for very small businesses were needs in the area, as well as general financial literacy. Housing prices have grown by almost 70 percent in Lowell, outpacing area wages. This has an even greater impact in low- and moderate-income areas, with populations that earn smaller wages. Financial literacy is important, but the contact noted that next steps beyond basic budgeting will help clients and residents build wealth.

Credit and Community Development Needs and Opportunities

Examiners considered information gathered from the community contact, The credit union, and available economic data to determine the primary credit needs of the assessment area. Based on this information, examiners determined that the community's primary credit need is affordable housing and financial literacy for low- and moderate-income individuals.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Merrimack Valley Credit Union demonstrated High Satisfactory performance under the Lending Test. The following sections summarize the credit union's overall performance under each criterion.

Loan-to-Share Ratio

The average net loan-to-share ratio for the last eight quarters is reasonable given the institution's size, financial condition, and assessment area credit needs. The credit union's net LTS ratio, as calculated from the NCUA 5300 Quarterly Call Report data, averaged 72.5 percent over the past nine calendar quarters from June 30, 2021, through March 31, 2023.

The LTS ratio rose from 67.3 percent, as of June 30, 2021, to a high of 77.3 percent as of December 31, 2022. Loan growth contributed to these percentages as a combination of credit union efforts and increasing home and used auto prices. Loans grew approximately 21.1 percent over the evaluation period, while shares grew approximately 7.1 percent

The credit union's average net LTS ratio over the previous nine quarters was compared to that of two similarly situated institutions. The institution selection is based on geographic location, lending focus and branching structure. MVCU's average net LTS ratio is below one of the institutions and comparable to the other institution used in this comparison.

Geographic Distribution

The geographic distribution of loans reflects good dispersion throughout the assessment area, particularly to low-or moderate-income geographies in the assessment area. The credit union's performance in home mortgage lending supports this conclusion. Examiners focused on the number and percentage of loans in low- and moderate-income census tracts.

In 2021, lending in low-income census tracts was above the percentage of owner-occupied units in the area and aggregate performance. The credit union's 2022 performance fell by number and percentage but remained above the demographic and aggregate comparators.

The credit union's performance in moderate-income census tracts was above aggregate performance in 2021 and the demographic of owner-occupied housing. The credit union's 2022 performance in moderate-income census tracts was comparable by number and percentage. Performance remained above the aggregate lending in 2022 and the demographic of owner-occupied housing in moderate-income census tracts.

Borrower Profile

The distribution of borrowers reflects, given the product lines offered by the institution, good penetration among members of different income levels. This is supported by the credit union's good performance of lending to low- and moderate-income borrowers.

Home Mortgage

The credit union's 2021 lending to low-income borrowers was double aggregate performance. In 2022, The credit union's lending to low-income borrowers fell by number and fell slightly by percentage but remained above the aggregate lending percentage. Similarly, the credit union's lending to moderate-income borrowers in 2021 exceeded the aggregate lending level. Performance in 2022 fell by both number and percentage among moderate-income borrowers but remained above the aggregate lending levels.

In 2021, the aggregate performance of all lenders, including Merrimack Valley Credit Union, was significantly below the percentage of families categorized as low-income, the majority of which have an annual income of less than \$69,350. Whereas the average loan amount originated for a single-family residential purchase in 2022 was \$520,128. This data, coupled with around

6.3 percent of families in the assessment area falling below the poverty line, suggests a large percentage of low-income families would not meet the underwriting standards to repay the average loan amount. Moderate-income families earning over \$110,960 may be able to afford a home in the area, which may explain why the institution consistently exceeds the demographic of moderate-income families.

Discriminatory or Other Illegal Credit Practices Review

Examiners did not identify any evidence of discriminatory or other illegal credit practices; therefore, this consideration did not affect the credit union's overall CRA rating.

Response to Complaints

The Division of Banks provides comments regarding the institution's fair lending policies and procedures pursuant to Regulatory Bulletin 1.3-106. A review of the credit union's public comment file indicated the credit union received no complaints pertaining to the institution's CRA performance since the previous examination.

Fair Lending Policies and Procedures

The fair lending review was conducted in accordance with the Federal Financial Institutions Examination Council (FFIEC) Interagency Fair Lending Examination Procedures. Based on these procedures, the credit union maintains a reasonable record relative to fair lending policies and practices.

Minority Application Flow

The credit union's HMDA LARs for 2021 and 2022 were reviewed to determine if the application flow from the different racial groups within the credit union's assessment area was reflective of the assessment area's demographics.

According to the 2020 ACS Census Data, the credit union's assessment area contained a total population of 6,923,773 individuals of which 31.7 percent are minorities. The minority population represented is 6.7 percent Black/African American, 7.1 percent Asian, 0.1 percent Pacific Islander, 0.4 percent American Indian/Alaskan Native, and 7.1 percent other. Approximately 12.2 percent of the population is Hispanic or Latino.

The credit union's level of lending in 2021 was compared with that of the 2021 aggregate lending performance. The credit union's activity in 2022 was also evaluated compared to aggregate performance of the same year. The comparison of this data assists in deriving reasonable expectations for the rate of applications the credit union received from minority home mortgage loan applicants. Refer to the table below for information on the credit union's minority application flow as well as the aggregate lenders in the credit union's assessment area.

In 2021, The credit union received 857 HMDA reportable loan applications within its assessment area. Of these applications, 3.5 percent were received from racial minority applicants. This was below aggregate performance of 12.5 percent of its applications from racial minority individuals. The credit union's racial minority application flow was comparable in 2022 at 4.2 percent, a slight growth in number and percentage. This performance was below the aggregate racial minority application flow.

In 2021, The credit union's percent of all applications from ethnic groups of Hispanic origin within its assessment area almost doubled the aggregate minority application flow. The credit union's strong performance continued into 2022 and remained above the aggregate ethnic minority application flow.

The credit union's minority application flow in 2021 and 2022 reflect a racial minority application flow below the aggregate. One factor contributing to the difference is the institution's absence in Suffolk and Middlesex Counties during 2022. The municipalities in these two counties account for half of the minority population and about 42.7 percent of the racial minority application flow received from aggregate lenders in the assessment area. The aggregate markets larger proportion of lending activity correlates to a difference in minority application flow. Conversely, the credit union's ethnic minority application flow exceeds the aggregate measures, which corresponds to a strong presence in Lawrence and municipalities in the Providence MSA.

However, the credit union's marketing and 2023 branching strategy reflect efforts to make credit accessible to areas with larger minority populations (i.e. Boston, Worcester, and Middlesex municipalities). The recent merger has expanded branch presence in Suffolk, Worcester and Middlesex Counties. The credit union employs individuals able to provide translation assistance in several languages. Additionally, the credit union conducts periodic monitoring of its lending practices to control fair lending risk.

Considering the demographic composition of the assessment area, comparisons to aggregate data, and the credit union's fair lending controls, The credit union's minority application flow reflects adequate performance.

COMMUNITY DEVELOPMENT TEST

Merrimack Valley Credit Union demonstrated good responsiveness to the assessment area's community development needs through community development services, qualified investments, and community development loans. The credit union opted to provide its record of community development loans and investments for CRA consideration, which both grew substantially from the prior evaluation. Examiners also considered the institution's capacity and the need and availability of such opportunities.

Community Development Services

During the evaluation period, credit union employees provided 68 instances of financial expertise or technical assistance to community development organizations within its assessment area. The community development services represent a combination of board involvement, financial education, and community outreach. The chart below illustrates the majority of activities support community services to low and moderate-income individuals and economic development throughout the review period.

The financial contributions qualify for CRA credit as Greater Lawrence Family Health Center is a Federally Qualified Health Center (FQHC) dedicated to providing preventive, primary and non-emergent urgent care to all, regardless of financial circumstance or health insurance coverage status.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five-year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in The credit union's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits The credit union's assessment area(s) or a broader statewide or regional area including The credit union's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of The credit union's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (for example, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA aids SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in “loans to small farms” as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area’s population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

PERFORMANCE EVALUATION DISCLOSURE GUIDE

Massachusetts General Laws Chapter 167, Section 14, as amended, and the Uniform Interagency Community Reinvestment Act (CRA) Guidelines for Disclosure of Written Evaluations require all financial institutions to take the following actions within 30 business days of receipt of the CRA evaluation of their institution:

- 1) Make its most current CRA performance evaluation available to the public;
- 2) At a minimum, place the evaluation in the institution's CRA public file located at the head office and at a designated office in each assessment area;
- 3) Add the following language to the institution's required CRA public notice that is posted in each depository facility:

"You may obtain the public section of our most recent CRA Performance Evaluation, which was prepared by the Massachusetts Division of Banks, at 500 Merrimack St, Lawrence, Massachusetts 01843."

[Please Note: If the institution has more than one assessment area, each office (other than off-premises electronic deposit facilities) in that community shall also include the address of the designated office for that assessment area.]

- 4) Provide a copy of its current evaluation to the public, upon request. In connection with this, the institution is authorized to charge a fee which does not exceed the cost of reproduction and mailing (if applicable).

The format and content of the institution's evaluation, as prepared by its supervisory agencies, may not be altered or abridged in any manner. The institution is encouraged to include its response to the evaluation in its CRA public file.

Merrimack Valley Credit Union Products and Services

2023

Delivery Systems

The Credit Union offers the capability to perform banking functions through various channels. All channels are widely available to members. Traditional avenues (personal visits) are enhanced by the Credit Union's generous hours of operation. Teller services are available up to 49 hours per week depending on location.

Telephone banking services are available to all members via account number and personal access code methods. Our automated call service is available to all customers 24 hours a day and offers a full array of services including the ability to retrieve balances, loan payments, place stop payments, and transfer funds.

In addition, the Credit Union maintains a web site that provides on-line banking capabilities, credit union information including product and service descriptions, credit union news, credit union history and financial educational resources.
